The 50

By Richard J. Koreto

WHAT FOLLOWS IS AN ALPHABETICAL LISTING OF 50 DISTINGUISHED WOMEN IN WEALTH MANAGEMENT. It is not merely a list of who has the most assets under management or who has the highest production numbers. Some, for example, are on this list because of less-tangible contributions they've made to women in the profession, such as serving on committees or mentoring. However, they all have at least one thing in common: they are role models for the next generation of women advisors. —The Editors
